

Greg Wolfond

Vice President of Identity Initiatives

Greg Wolfond joined Avast in March 2022 as a result of the acquisition of SecureKey Technologies, a leading identity and authentication provider that he founded in 2007.

With more than 30 years of experience in the software and tech services industry, Greg has led a long career serving as a serial entrepreneur whose earlier ventures include Footprint Software Inc., a financial software company he sold to IBM, and 724 Solutions Inc., a wireless infrastructure software provider he took public.

Greg is currently the Vice President of Identity Initiatives at Avast, helping lead the Avast team as they enter the B2B space and adopt digital infinity practices with next generation privacy-enhancing services.
